

# Assessment: Benchmarking MBA

**Comp-XM-** The Capstone® business simulation is an interactive platform that provides students with the opportunity to run their own company. This simulation is taken by more of 2,500 teams and 7,500 students in USA and abroad

- As the graphic shows , even when the MBA program did not reach the expected performance of 80%, CBA MBA scored better (Bars) than the average population (lines) that took the Capstone Business Simulation.
- The percentage represents an average of the functional areas of Accounting, Finance, Strategy, Marketing, Operations and Human Resources Management.
